Regular meetings of the Club Trustees are the first
Tuesday of April, June, September and November.

The next meeting is scheduled for
April 3, 2018.

Brethren are welcome.

*****EUCLID – THE TRADITION CONTINUES*****

Brethren,

In my last message I wrote about the elephant.+

As all of you know, Freemasonry is not a religion.
One of the differences between religion and our
Institution is that every Master Mason travels in search
of the Truth, in a journey which is different for every
single Brother. During this journey we will find the
elephant.+Someone will touch the tail, someone else
the ear, another the belly or the leg, but no one can
explain to others what this elephant is, because each
experience will be different depending on the
situations, sensations, emotions. Sometimes we will
find ourselves at the end of our journey without our
elephant. Sometimes we will find it, but we might be
presumptuous and assume we have reached the
absolute truth. We should instead continue to search
deeper within ourselves, and as Ancient alchemist and
our ancient operative Brothers suggested:
V.I.T.R.I.O.L...

This is an acronym for “**VISITA INTERIORA
TERRAE, RECTIFICANDO INVENIENS OCCULTUM
LAPIDEM.**” Translated from Latin, this means visit the
interior of the Earth and by improving yourself you shall
find the hidden stone.+This acronym was used by the
ancient alchemist. Profanes were confused about the
meaning, because in the beginning the word vitriol+
also referred to sulfuric acid. Most people
misunderstood the acronym and thought that the
hidden stone was the secret element to transform
some metallic substances into gold. Alchemy was the
precursor of modern chemistry and alchemists used to
mix science and spirituality, observation of natural
phenomena and mysticism.

*****EUCLID – THE TRADITION CONTINUES*****

Master's Message Continued

Visit the interior of Earth+meant that everyone should descend to the depth of his own conscience, evaluate himself and his own actions, divested of passions, resentment, envy, arrogance, and correct his own judgment guided by humility, solidarity, brotherly love, and good morals. It sounds familiar, my Brethren? In Europe, in some Lodges that follow the French Rite, the phrase VISITA INTERIORA TERRAE, RECTIFICANDO INVENIENS OCCULTUM LAPIDEM+is displayed in the hall or in the chamber of reflection. It is an invitation to start your journey being divested of all profane passions and going in research of the hidden stone, that element that can change you from a poor element to gold, from a rough stone to a square stone. Freemasonry will give you the working tools and the skill to use them, but you and only you will be able to change yourself and connect your immortal soul to the divine Creator.

Sincerely and Fraternally,

Francesco Bernardo Worshipful Master

OFFICERS REHEARSAL DATES

Communication from the Grand Secretary

Regarding Voting

Dear Brother Secretary,

We will be introducing a new and advanced method to vote on Grand Lodge Legislation this year. Instead of using the red and green cards to manually vote on legislation, each voting member will vote via a hand held LCD response card. This technology is currently used by many of the jurisdictions in North America. This method of voting is easier to use, better documented, and provides a private vote.

The way it works is simple: there is software that controls the timing of the vote, calculations, and delivery. The legislation will be presented on two large video screens in the Annual Communication. As in the past, Counsel will present it and there will still be the opportunity for three in favor and three opposed on the legislation. Once the motion is called, you will have 30 seconds to vote on your hand held response card once the green light appears on the screens, and you can change your vote as many times as you want within that time period. At the completion of 30 seconds a red light will appear on the screens and that will complete the voting. Within 5 seconds after the completion of voting the totals will appear on the screen.

This process will also be capable of any amendments to legislation from the floor. The totals generated from voting are numbers not identifiable to any voter, and can incorporate any off-site electronic voting.

As we get closer to the Annual Communication, additional information will be provided on how the devices will be distributed and turned in.

Should you have any further questions please direct them to my attention.

**Euclid Bus Trip to Grand Lodge of
Pennsylvania**

**March 24th
Assemble at Euclid at 8:00 AM**

Price 50 dollars Per Person
Come join us for a tour of the
amazing Grand Lodge of PA.

Feed the hungry

To relieve the distressed is a duty
incumbent upon all men, but
particularly among Masons.

In New Jersey 13 percent of the
population is food insecure which
translates to 1.2 million people.

In the U.S. food insecurity
accounts for over 41 million
people, including
over 6 million children.

Please donate to a food pantry
near you. Food collections are
taken at Euclid as well.
